Everything you need right in the box.

FileBound Express provides everything you need right in the box.

Simply plug the Express appliance into your network and instantly begin realizing the benefits of your own full-featured Content Management Solution.

With FileBound Express we drive the complexity and high cost of ownership out of Content Management Solutions. Our intuitive startup wizard guides you through the initial configuration process so that the system is setup to specifically meet your unique needs.

FileBound Express provides all the tools you need to scan paper documents, import images from your office copier, and save electronic documents from Microsoft Word or other applications.

FileBound Express delivers instant results for the following applications:

- Accounting
- Human Resources
- Student Records
- Medical Records
- Client Files
- Government Records
- Or any content intensive application

FileBound Express delivers on the promises of content security, control, and access without the technical complexity and cost typically associated with Content Management Solutions.
